COUNTER NOTIFICATION

If you receive a Notice of Alleged Copyright Infringement CSPIA Registry has received a notice that our network, system(s), or server space assigned to your account contain material that is claimed to be infringing upon the exclusive copyright of the sender of that notice. Under the Digital Millennium Copyright Act, 17 United States Code § 512, CSPIA Registry is required to respond expeditiously to remove the material that is claimed to be infringing.

CSPIA Registry requests that, within 24 hours of receiving CSPIA Registry's Notice of Alleged Copyright Infringement, you remove the allegedly infringing material and notify CSPIA Registry that you have done so, otherwise, CSPIA Registry will disable access to the material or disable access to your account. However, if you believe in good faith that the allegedly infringing material that has been removed or to which access has been disabled was done so by mistake or misidentification, you may make a counter notification pursuant to sections 512(g)(2) and (3) of the Digital Millennium Copyright Act. When we receive a counter notification, we will reinstate the material in question.

To file a counter notification with us, you must provide a written communication (by fax or regular mail - not by email, except by prior agreement) that sets forth the items specified below. Please note that you will be liable for damages (including costs and attorneys' fees) if you materially misrepresent that a product or activity is not infringing the copyrights of others. Accordingly, if you are not sure whether certain material infringes the copyrights of others, we suggest that you first contact an attorney. A sample counter notification may be found at <http://www.chillingeffects.org/dmca/counter512.pdf>.
